

9th World Wellness Weekend unites 187 countries with record-breaking participation

The **UNITED NATIONS' 2030 Agenda** is getting closer, and the **World Health Organization** continues to sound the alarm about the rise of obesity, physical inactivity, mental health, loneliness, and the lack of sleep.

Empowered by **202 Ambassadors and Coordinators** of the 9th [World Wellness Weekend](#) professionals in Hospitality, Tourism, Fitness, Spa & Beauty joined forces in every time zone to inspire millions to embrace healthy, active, and mindful lifestyles on **Sept 19–21, 2025**.

Together, we promoted **Wellness For ALL**, caring for staff, local residents, and reaching out to underserved communities (hospitals, senior homes, schools...), not just clients and members.
